21 February 1973

**MEMORANDUM FOR THE RECORD**

**SUBJECT:** Intelligence Subcommittee, House Committee on Armed Services, Survey of Recruiting, Training, and Retention of Personnel.

1. In meeting with Frank Slatinshek, Chief Counsel, House Armed Services Committee, today he told me that Chairman Nedzi, Intelligence Subcommittee, is undertaking a survey of recruiting and training practices. He requested a report from the Agency on how we conduct our recruiting, how we train our people, where we do our training to include all training sites and installations, and the costs of our recruiting and training activities. The Chairman would also like to know how long Agency people stay on board as a measure of the effectiveness of the recruiting and training. If possible, the Chairman would like this report by 1 March. Slatinshek told me that a similar request is being made of DIA.

2. After returning to Headquarters I alerted Hugh Cunningham, D/OTR, and Harry Fisher, D/Pers, that the foregoing request has been received informally from the Committee.

Assistant Legislative Counsel
